Apprenticeship Opportunity (x2 positions) – Level 3 Geospatial Survey Technician

Company: PBH Survey

Location: Office based in York (with travel to various sites)

Salary: £18,000 per annum

Start Date: September 2025

Closing Date: June 2025

College Release: Riverside College, Kingsway, Widnes

Looking to launch a career in surveying and geospatial technology? PBH Survey is offering **two exciting apprenticeship positions** for motivated individuals ready to take their first steps into this fast-growing and technically rewarding industry.

As a **Level 3 Geospatial Survey Technician Apprentice**, you will gain hands-on experience in rail engineering surveys and 3D data capture, while studying towards a nationally recognised qualification through **day/block release at Riverside College**.

What You'll Be Doing:

- Assisting with processing of rail survey data
- Using industry-standard equipment such as total stations, GNSS, and 3D laser scanners
- Collecting, processing, and presenting geospatial data
- Supporting experienced surveyors on a wide range of projects
- Travelling to different sites as required (transport support available)

What We're Looking For:

- Enthusiastic individuals with a keen interest in surveying, geography, or engineering
- Strong attention to detail and a willingness to learn technical skills.
- Good numeracy and computer literacy
- GCSEs (or equivalent) in Maths and English at grade 4/C or above
- A full UK driving licence or commitment to gaining one is preferred.

What We Offer:

- A starting salary of **£18,000 per annum**
- A structured Level 3 apprenticeship programme with college release to Riverside College
- One-on-one mentoring and support from experienced professionals
- Opportunities to progress within a growing, forward-thinking business.
- A supportive team environment and exposure to cutting-edge surveying technologies

How to Apply:

Send your CV and a short covering letter explaining why you're interested in the role to **Rob.Kay@PBHRail.com** by the end of June. We welcome applications from school leavers or career changers with a passion for the built environment.
